

It is 7,000 miles from NYC to Uganda, and we'll need your help to get there.

**21-day Virtual**

# WalkRunRideMove to UGANDA

**May 11-31, 2021**

Thousands of Ugandan children die each year from malnutrition, and even more suffer from its effects, including stunted growth and other physical and mental health problems. Undernourished children are more likely to drop out of school or repeat academic years, practically guaranteeing a never-ending cycle of poverty for them and their families.

That's why we're raising funds for Global Village Connect's Give-A-Goat program in Uganda. The Give-A-Goat program provides a source of income for kids who have lost their parents or who are in very difficult living situations. Give-A-Goat is a youth-led nonprofit initiative making social investments in Uganda's youth.

### Three easy ways to get involved:

1. Donate. Every dollar makes a difference!
2. Join the Campaign. 7000 miles is a LOT. We need help!
3. Create or Join a Team.
